REPORT OF CORPORATE SOCIAL RESPONSIBILITIES & SWAACH BHARAT ABHIYAN ACTIVITIES

As a responsible corporate citizen, we at GKB Ophthalmics Ltd strive to create a meaningful impact in the larger society through our CSR programme.

We have work in the area of education; granting of scholarships for children of our employees. The scholarships are offered for both school education and higher professional education programme.

Previous year we also understood a cleanliness drive with the cooperation of another few companies from our industrial estate to clean and maintain the main road from the engulfing plastic menace.

During the last financial year, existing orphanage building renovation is another programme that is undertaken by us to improve the quality of life of young homeless/vagabonds boys who are staying at Duler area in Mapusa, North Goa. These boys of age from 6 years to 25 years were living in shabby state and subsequently we have brought a smile on their face. Their living condition has tremendously improved and they are indebted to us for fulfilling their dream of clean and hygienic toilets in addition to general cleaning like painting, tiling, etc.
